

IOSH WORKING SAFELY

Who should attend?

This classroom course is suitable for any individual in a working role who wants to understand the basic Health & Safety requirements.

What will I learn?

This course provides each candidate with the knowledge to ensure that their actions contribute to health and safety in the workplace and that individual responsibilities are clearly understood.

Course information:

1 day duration, minimum 6 people - maximum 12 people.
No prerequisites required.

Certification:

Institute of Occupational Safety and Health (IOSH) certificate.

Course content includes:

- An understanding of the legal responsibilities for both employees and employers.
- An insight into common hazards within their workplace and an understanding of the risk assessment process.
- An understanding of their organisations safety management system and how they may input into the system.
- Coverage of the primary legislation and how to improve working precautions currently in place.
